Care Partnership want to know
what you think about changes
we may make to save money.

Renfrewshire
Health & Social Care
Partnership

How you get support

Healthcare is care you get from people like doctors and nurses.

Social care is the support you may get to

- live in your home
- look after yourself
- go to day centres and have short breaks
- and to help you be part of your community.

Renfrewshire
Health & Social Care
Partnership

In Renfrewshire health and social care work together and are called Renfrewshire Health and Social Care Partnership.

How you get support

To make sure health and social care services are right for people, we have the Renfrewshire Integration Joint Board.

They decide how the money is spent to deliver services.

Renfrewshire
Health & Social Care
Partnership

Renfrewshire Health and Social Care Partnership deliver these services.

There is a cost of living crisis in the UK. This means things cost more money.

Things cost more money for Renfrewshire Council and the NHS too. Because of this the integration Joint Board have to look at ways to save money.
